

The new
**independent
standard** for
tyre technicians

“We regard irtec tyre as an accreditation standard of great substance, which is both credible and professional”

Phil Thirsk, Training & Development Manager, Bridgestone UK Limited

irtec.org.uk

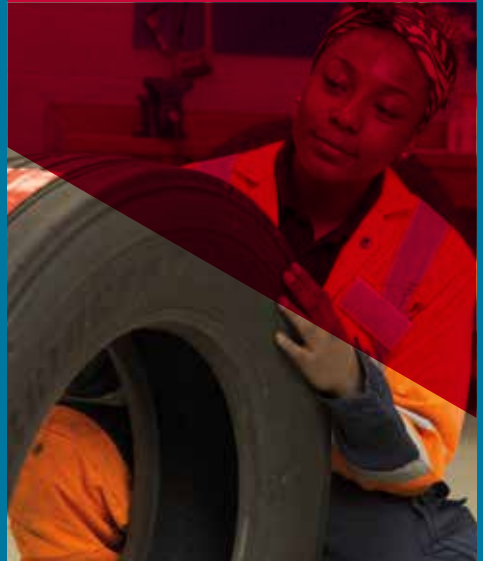

irtec tyre is a new qualification from the team behind irtec and irtec light, designed to bring the same independent assurance and accreditation to technicians working in this crucial area of commercial vehicle maintenance.

There are two irtec tyre qualifications available:

- Commercial Tyre Technician (tubeless)
- Off-site Commercial Tyre Technician (tubeless)

Booking your irtec tyre assessment is easy:

- Find a full list of accrediting centres online at irtec.org.uk
- Contact the centre convenient for you
- They will give you detailed information, costs and arrange your assessment

Alternatively you can contact us for more information:
